

## **A Cup of Kindness**

I raise a cup of kindness;

To a brother,  
To family,  
To friends,  
To Consciousness not yet met.

In celebration of now;

And hereafter,  
Wherever you may go,  
Or find yourself,  
May prudence guide you.

Let us endeavour;

To share life on the square,  
Part we must,  
From the level,  
And fidelity shield our journey.

I take with;

In love and trust,  
And I give to you,  
In faith a blessing,  
An overflow of cornucopia.

By
