

My Affirm-action.

(Affirmations, with actions attached to them,
are mighty, accept it.)

My current situation reflects my mind's gate,
change I must venture into.
That my friend's west to east journey
is my unfailing inspiration.

Enlightened now, I dissolve and dissipate.
Every wrong understanding and pre-condition
in my mind, body, and affairs with my release of such.
I accept my new reality.

In perfect ways, love, relief, truth, faith, hope,
charity, wisdom, understanding, and wealth,
manifest now in my life.
Enjoyed in good health.

My spirit is abundant action and commitment
to my perfect self.
Enabling me better than I once was.
That my sojourn is, a beacon of light unto another,
who desires such?

God our Maker, is the divine love of itself.
And is my eternal supply.
Divine love is the most ever-present spirit energy
in all the universes.
This dwells in me, lives through me,
and manifests in all things.
